

“Asia Mountains” News Update

ITB 2002: Berlin, March 2002

“Asia Mountains”, as in past years, will again be presented at the ITB. The stand was a great success with many interested people visiting its colourful yurt tent in 2000 and 2001.

Our Websites

We still run two websites: www.asiamountains.da.ru with information in Russian and: www.asiamountains.co.uk with details in German and English.

“Asia Mountains Guest House”

The “Asia Mountains Guest House” at 1 Lineinaja Street, 720021 Bishkek will remain open throughout the winter [including Xmas and New Year] as well as spring. A reduction of 20% on our advertised room prices can be offered during the winter. Sauna and pool behind the Guest House should be ready for the next summer season.

Visa

Letters of invitation may not be required any longer for visa applications and it may soon be possible to get a visa on entry to Kyrgyzstan at Bishkek airport. Please check with your nearest embassy.

Situation in Kyrgyzstan

Following the sad events of 11th September 2001 we wish to assure all potential travellers and tourists that Kyrgyzstan remains a quiet and stable country well worth your consideration: we are therefore looking forward to your visit soon, next year or at any other time.

News from the Kyrgyz Mountains

Sasha Gubaev, one of our directors, and three friends managed the first ascent of Peak Korumdie (6613m), the highest summit of the Korumdie Range on the Chinese/ Tajikistan border during October. Alona Dudashvili helped in the base and mountain camps. Earlier our European contact Klaus Schwartz had climbed several “new” peaks in the same area and some others with one of our clients in the remote Akshirak Mountains south of Karakol.
